November 26, 1963

Mr. J. E. Gurry Chief of Police

Subject: Security Of Parking Area Of City Hall During Transfer Of Lee Harvey Oswald

Sirt

At approximately 9:00 A.M., Sunday, November 24, 1965, I was instructed by Captain Talbert to call anough squads to the City Hall to assist in the transfer of Les Enrway Ogwald. I called thirteen (13) squads to report to Station Jill. This was a total of nineteen (13) men.

When the officers started arriving I instructed Sergeant P. T. Dean to report to the parking area and remove all unauthorized persons from this area and keep this area free from such persons until after the transfer had been made.

At approximately 9:40 A.M. I instructed four (4) officers to report to Sergeant Deam for the purpose of securing this area and instructed the remainder of the officers who had been called to the station to remain in the Sergeant's Room of the Patrol Office to be used as a pool as needed.

I later checked the parking area at approximately 10:15 A.M. and found it to be free of unauthorized personnel.

I then went to the Homioide Bureau for additional information.
I remained at this location until the interrogation had been
completed. At this time Okief Ourry and Chief Stavenson instructed
me to secure a car and some uniform officers and secont the armored
trucks via Rim Street to the Court House.

I rode the elevator to the basement and got equipment number 205, The exit ramp was blocked leading to Commance Street by one of the armored trube may be a supported by the street of the street dergeams and an armored trube and the street dergeams but me as seated on the right front and Sergeams Marcey on left rear.

At this time a large number of members of the press were located at the bottom of the ramp. Sergeant Putnam got out of the car and assisted me while getting through the crowd. He then returned to the right front of the car.

I continued up the ramp where I observed Officer R. E. Vaughn at the top of the ramp. He was standing just outside the ramp on my right. Page 2

No one entered the basement by the north ramp while we were leaving.

We made a left turn from the basement on Main Street and stopped for a short time for the red light on Main and Harwood, them continued to the top of the ramp on Commerce Street.

By the time we were in position in front of the armored oar the shooting must have already occurred as officers were running to cover all exits of the City Hall.

Respectfully submitted,

Rio S. Pieroe Lieutenant of Police Patrol Division
